Request for Qualifications – Professional Engineering Services – Addendum 1 – 210119

Town of Barrington, New Hampshire

Request for Qualifications – Addendum 1

For

Professional Engineering Services

On Thursday, December 3, 2020 the Town of Barrington advertised a [Request for Qualifications for Professional Engineering Services](#). This addendum includes important adjustments to the originally advertised RFQ. The original RFQ has also been red-lined and uploaded to the Town's website to incorporate the adjustments. These adjustments are in response to multiple questions from interested firms, thank you for your assistance. Additionally, the addendum includes questions asked by interested firms and their answers.

Request for Qualifications Adjustments

1. NH DOT State Aid Bridge Engineering and Qualifications Based Selection Criteria

- a. Due to adjustments in the NH DOT State Aid Bridge program which took effect on January 1st, the Town intends to be able to utilize the selected firm for Construction Engineering Services on Project #26722 and Project #41410. These upcoming projects were added on page 6 under 'Ongoing and Upcoming Projects'.
- b. On page 7, while listing the qualifications statements to be included, a Billing Rate Structure is required. This requirement has been updated to require that the Billing Rate Structure be in a separate, sealed, envelope and excluded from the electronic submission. The rate information will only be reviewed once a top-rated firm is selected consistent with the QBS requirements of NH DOT.

2. NH DOT Eligible Consulting List

- a. On page 2, while describing qualified firms, the RFQ references the NH DOT Eligible Consultant List. We understand that this list is no longer utilized and have eliminated this qualification/requirement.

Questions and Answers

Question: Is there any type of registration required in order to be eligible to submit a Qualifications Statement?

Answer: No. Please follow the guidelines set forth in the RFQ and this Addendum.

Question: Are resumes included in the 50-page limit?

Answer: Yes, the two-page resumes should be included in the 50-page limit.
